### Schnapps Tobacco is Made ENTIRELY from Flue Cured Tobacco Grown in the Piedmont Country. The Imitation Brands Have Schnapps Quality Only On the Outside Of the Plug

Hundreds of imitation brands are on sale that look like Schnapps to-The outside of the imitation bacco. plugs of tobacco is flue cured the same as Schnapps, but the inside is filled with cheap, flimsy, heavily sweetened air cured tobacco. One chew of Schnapps will satisfy tobacco hunger longer than two chews of such tobacco. The color, size and shape of the tags, plugs and packages of certain imitation brands of tobacco have been made so much like Schnapps that they have often been accepted by buyers under the belief that they were getting Schnapps. Sufficient proof has been secured to establish the fact that certain brands are infringements and in violation of the trade mark laws, yet the trade will continue to be imposed upon by these infringers until the suit already entered and now pending to protect Schnapps is decided. A great many of these imitations are claimed to be "just as good" as Schnapps, but there is only one genuine Schnapps. Be sure the letters on the tag, and stamped on the plug under the tag spell S-C-H-N-A-P-P-S and then you have it—the most and then you have it—the most wholesome tobacco produced, with just enough sweetening to preserve the mild, juicy, stimulating quality of the leaf tobacco. Expert tests prove that this flue cured tobacco, grown in the famous Piedmont region, requires and takes less sweetening than any other and has a wholesome, stimulating, satisfying effect on chewers.

If the tobacco you are chewing don't satisfy you more than the mere habit of expectorating, stop fooling yourself and chew Schnapps tobacco. Schnapps is like the tobacco chewers formerly bought costing from 75c. to \$1.00 per pound; Schnapps is sold at 50c. per pound, in 5c. cuts, strictly 10c. and 15c. plugs.

## No Change Necessary In Rexall Remedies

The new Pure Food Law requires every parent medicine manufacturer to tell just what dangerous drug is in his medicine. Certain periodicals interested in patent medicine reform have declared that the formulas of many patent medicines will have to be changed before the manufacturers will dare conform with this law. These periodicals also declare that the public will never know of these changes, and never know what these remedies formerly contained.

This suspicion, however, cannot rest upon Rexall Remedies. You have absolute proof that Rexall Remedies have not been changed to conform with the new Pure Food Law, because you knew the formulas of these remedies four years ago! The Rexall formulas and given them to every customer who asked for them.

The Rexall druggists have always known all the Rexall formulas and given them to every customer who asked for them.

No one Rexall Remedy was ever claimed to be a "cure-all"—each of the 300 remedies is designed to cure a certain human ill—and does it. These 300 remedies were selected from among thousands because they were the most reliable and successful cures in the world. Far from wishing to conceal the formulas of these remedies, we are proud to tell just what they are, and always have been.

That's where the Rexall plan goes further to safeguard you than does the Pure Food Law. Even now you'll only know the dangerous drugs in other patent medicines, while you have always been able to know the complete formulas of Rexall Remedies!

all Remedies!

The Rexall guarantee has been the greatest evidence of the sincerity back of the Rexall Remedies. edies. For four years Rexall druggists have offered to return the money to any one who brought back an empty Rexall bottle or package

brought back an empty Rexall bottle or package and said they were not satisfied.

We, as one of the Rexall druggis's, feel a genuine satisfaction in having been able to supply this community for four years with one line of medicines which the United States Government by its new Pure Food Law shows were always made right and sold right, and have deserved every bit of the faith you have had in them.

The Pure Food Law may necessitate changes in other medicines, but it only endorses Rexall
